Experience

Job Title: Web Developer (2022 – Present)

Company Name: Byvex Technologies Pvt. Ltd.

- ❖ Theme Development: Custom WordPress development often begins with creating a unique theme tailored to the client's requirements. This involves designing the website's appearance and layout, converting the design into HTML/CSS, and integrating it into a custom WordPress theme. Understanding PHP, HTML, CSS, and JavaScript is crucial for theme development.
- ❖ WooCommerce theme Development, Plugin Development, ACF Integration by code, Customization and Hooks, Database Integration, API Integration, Performance Optimization, Security Considerations, Customizing the WordPress Admin Area, Client Training and Support, Ajax Integration Etc.
- ❖ Developed responsive and user-friendly websites and web applications using HTML5, CSS3, Bootstrap, JavaScript and jQuery.
- ❖ Collaborated closely with UI/UX designers to translate design concepts into functional interfaces.
- ❖ Implemented frontend solutions using modern frameworks such as React, ensuring efficient code structure and reusability.

- JavaScript
- jQuery
- HTML5
- CSS3
- Bootstrap
- Tailwinds CSS
- MySQL
- Git/GitHub
- Custom WordPress
- WooCommerce

Hobbies

- Playing Chess.
- Sketching.
- Playing Cricket.
- Traveling.

- ❖ Optimized website performance by implementing techniques like code minification, lazy loading, and caching.
- ❖ Ensured cross-browser compatibility and resolved browser-specific issues to maintain consistent user experiences.
- ❖ Followed web accessibility guidelines (WCAG) to create inclusive web experiences for all users.
- ❖ Actively participated in code reviews, providing constructive feedback and ensuring code quality.
- ❖ Worked in an Agile development environment, delivering features and meeting project deadlines.

Contributed to continuous improvement initiatives, researching and implementing new frontend technologies and best practices

Projects

➤ Portfolio Site –

A portfolio website was developed to present everything about me and the projects that I developed. (HTML, CSS, Bootstrap, JavaScript).
